

LR541 - SELF FLANGED REFLECTOR

5" COMPACT FLUORESCENT TRIMS

PROJECT INFORMATION

Type :

Project :

Catalog # :

FEATURE(S):

SPECIFICATION

CFL 18W Max DTT
32W TTT

Application: Great for basic area lighting of a room or space. The 5" reflector trims produce a low, bright illumination with a choice of reflector and trim ring color combination. The clear reflector produces a maximum light output while minimizing the source. The black reflector creates a "hidden" effect that obscures the glare of the lamp. All of the color choices create an outstanding general illumination that is suitable in both residential and light commercial applications.

Mounting Steel pressure springs mounted on trim to ensure positive retention inside housing.

Finish: Available in Clear Reflector/White Flange, White Reflector/White Flange and Clear Reflector / Clear Flange.

Label: U.L. Listed, E.T.L. Listed
